**Section Specific Learning Resources**

- ❖ The textbooks for this course, both required and recommended, are the same as those listed in the approved course outline available on Blackboard.
- ❖ Resources specific to this section:
  - Lecture notes as available on Blackboard for this course section.
  - All URLs and other links from lecture notes.
  - Other resources as posted on Blackboard for this course section.
- ❖ Other related materials will be provided to the student as required.

**Learning Schedule**

The Cisco CCNA Exploration course is an embedded part of this course, and as such, this course follows the Cisco material. We will cover approximately 1 chapter from the course textbook each week, subject to scheduling constraints.

- ❖ There will be a hands-on lab, and online chapter quiz each week.
- ❖ The departmental bulletin board has a schedule of mid-terms, as well as the final exam week from Dec 12-19.
- ❖ Please see the course outline for complete details on the Course Learning Requirements and the weighting of each evaluation (quiz, tests, labs, exams).

**Other Important Information**

- ❖ Please take special note of Algonquin College Directive E39 on the use of portable electronic devices in the classroom and lab.
- ❖ Please see the course outline posted on Blackboard for assignment guides/rubrics. In particular, a portion of your final mark is determined by your achievement on quizzes and exams from the Cisco Network Academy website.
- ❖ Please see the Departmental bulletin board for a schedule of midterm due dates.
- ❖ Students who are late handing in an assignment *may* be eligible for an "NQA". Please see the professor for further details.
